EVALUATION INFORMED CONSENT AND DISCLOSURE

It is well known that a person can be sick because of physical, emotional or spiritual problems. A natural health professional is aware of the wholeness of man and seeks ways to minister to the whole man. There is no religion that does not advocate prayer for the sick and there is no law that says a minister cannot teach health as it pertains to his religion. George E. Weinand, Dorothy Erickson, and Jeffrey Erickson are not physicians and do not claim to diagnose or treat any disease belonging to the practice of medicine. As nutritional researchers and practitioners, our purpose is to promote optimal health by maintaining and restoring a healthy functioning of the body. Our emphasis is the building of health on a nutritional, energetic and biochemical level, not the diagnosis or treatment of any disease. We do not have nor claim to have cures for any disease or dysfunction in the body.

Pursuant to the California Business and Professional Code, Senate Bill 577 indicates, with mandated disclosures, that the practice of alternative and complementary health modalities (such as naturopathy) does not violate various medical statutes. George Weinand, Dorothy Erickson, and Jeffrey Erickson are not licensed physicians. The treatments we offer are alternative or complementary to healing arts services licensed by the state. The nature of the services provided are: Bioenergetic systems, Frequency Specific Microcurrent, Zyto Biocommunication, Allergy Elimination Technique, Brain Gym® and CranioBiotic Technique. The theories of treatments upon which services are based are non-invasive natural methods. Naturopathy is not in the practice of medicine or surgery. All the methods of Naturopathy are natural methods. George E. Weinand, Dorothy Erickson, and Jeffrey Erickson graduated from Trinity School of Natural Health with a Doctor of Naturopathy degree. George E. Weinand is a Board Certified Neurotherapist. He trained with Devi Nambudripad, M.D., the developer of Nambudripad Allergy Elimination Technique. He is a Certified Nutritional Consultant. He also served as a missionary in Central America for 15 years and is an ordained minister.

If you request George Weinand, Dorothy Erickson, or Jeffrey Erickson to provide you with a nutritional evaluation, we want you to be aware that our evaluations and recommendations will be based upon each of our analysis of a health history and personal consultation with you. We will supply you, at various times throughout your time of consulting with us, pertinent information as to the use and role of food and food ingredients, including dietary supplements, herbal foods, and nutritionally derived homeopathic preparations. In connection with our recommendations, certain dietary and nutritionally derived products may be made available for purchase.

If you are seeking a diagnosis, be advised that there are other currently available accepted means based on the professional standard of care. Consequently, George Weinand, Dorothy Erickson, and Jeffrey Erickson merely uses the above technique to investigate and confirm their nutritional evaluations. No attempt is made to treat or cure any disease.

After reading this form if you decide to submit voluntarily to this bioenergetic investigative technique, Frequency Specific Microcurrent, Zyto Biocommunication, Allergy Elimination Technique, Brain Gym® and CBT, then you must sign the informed consent below. If you have any questions about any of the above techniques, please talk to George E. Weinand, Dorothy Erickson, or Jeffrey Erickson, so that you can make an informed choice.

I have read this evaluation informed consent and disclosure form, and I understand its content. I further understand that I have been given an opportunity to freely choose and consent to the FSM, Zyto, Allergy Elimination Technique, CBT, Evaluation to be performed by George E. I further understand that nutritional evaluation and the use of nutritional supplements and homeopathic nutriment to effect a balancing in the nutritional status of the body is not an exact science and that no warranty or guarantee of therapeutic benefits can be made.

I further understand that George E. Weinand, Dorothy Erickson, and Jeffrey Erickson's advice is nutritional only to assist me in making my own decisions about my nutritional habits.
